TS EAS

What has happened?

What will happen?

2019-08-03 SAA19

Karin Bredenberg and Kathy Wisser

What?

Since last year

- Publication of revision of EAC-CPF phase 1 (accuracy??)
- Looked into Shared Schema (Whats common EAD-EAC-CPF??)
- GitHub streamlining
- Teams are working hard! (Tack alla!)

Roster

- 3 cycling off
- 3 new members
- 1 early career member

Next?

Well Thursday and ....

- EAC-CPF revision phase 2
  - Meetings once a month
  - Topics based upon the GitHub issues
  - 1 st F2F Thursday, August 1st here in Austin
  - 2nd F2F in March 2020 in Berlin

… and Friday this week

- TS EAS meeting, 2nd August here in Austin
  - Group reports
  - Shared schema (wait, wait!)
  - GitHub continuation of introducing procedures
  - Setting up handbook, work and group

… we did more

- EAC-F (?) based upon ISDF, Functions/Activites
  - Group agreement off ”Go!”
  - Plan work to align with EAC-CPF revision and shared schema work

Shared schema team work

- Start was what's common between EAD and EAC-CPF
- Same name? Do the same thing? Naahhh…
- The comparison -> elements and attributes that can be shared -> streamline development
- Work is moved over into the Schema team charge
- Setup design principles: naming, caseing, models…
- Shared understanding usibased upon the Toronto principles

New co-chair

Mark Custer

(Karin Bredenberg stays for a while)

Tack Kathy!
