Creating
Our Future

What?

Since last year

- Started webinar series with aid of our Outreach team!
- Continuation of :Whats shared between EAD-EAC-CPF?? (next slide)
- GitHub streamlining and set up of workflow
- Creation of Handbook in GitHub wiki (work on-going)
- Teams are working hard! (Tack alla!)

Shared schema team work

- Working on Schema Design Principles
- Start was what's common between EAD and EAC-CPF
- Same name? Do the same thing? Naahhh...
- The comparison -> elements and attributes that can be shared -> streamline development
- Shared understanding based upon the Toronto principles

Roster

- 8 cycling off
 - ? new members
 - 1 early career member cycling off
 - 1 new early career member
-
- International membership search will begin this fall

Next?

Last week....

- EAC-CPF revision phase 2
 - F2F in March 2020 in Berlin (Thanks to Silek and Gerhard for hosting us!)
 - One meeting a day!
 - Topics based upon the GitHub issues
 - Plan to release phase 2 on review to all before New Years Eve!

... and this (or last) week

- TS EAS meeting, one 2 hour session a day for a week
 - Group reports
 - Schema design principles
 - Elements shared between the both schemas
 - Elements we need to talk about as group
 - Introduction to new members
 - Setting up handbook, work and group

... we did more

- EAC-F
 - EAD
 - RiC
-
- And we will have open to all web meetings week of 10th

Tack all outgoing members!
Välkomna all new members!
